

TIMOTHEUS FERDINAND TJONDROJO

+62 816846662 | ferdinandtj4@gmail.com | linkedin.com/in/ferdinandtj | github.com/FerdinandTJ
Jakarta Barat, Indonesia

Computer Science graduate from Universitas Pertamina specializing in full-stack web development. Experienced in developing web applications using React, Inertia.js, Laravel, PHP, and MySQL through an internship at Telkom Indonesia, where I developed an internal revenue and Account Manager performance dashboard. Also experienced as a Teaching Assistant for Operating Systems, Object-Oriented Programming, and Web Programming, with strong skills in mentoring, problem solving, and technical communication. Co-inventor of a registered computer program for digital document integrity verification using Ethereum smart contracts.

Education

Universitas Pertamina – *Simprug, Jakarta Selatan*
Bachelor of Computer Science

Aug 2022 – Aug 2026

Work Experience

Telkom Indonesia – *Jakarta Pusat*
Software Engineer Intern

Sep 2025 – Feb 2026

- Developed a full-stack web dashboard to visualize revenue and Account Manager (AM) performance metrics, enabling data-driven monitoring and reporting for internal stakeholders.
- Built the frontend using React with Inertia.js for seamless SPA-like navigation, backed by a Laravel application and MySQL database.
- Collaborated with cross-functional teams to gather requirements, iterate on UI designs, and deliver dashboard features aligned with business needs.
- Stack:** React, Inertia.js, Laravel, PHP, MySQL

Universitas Pertamina – *Simprug, Jakarta Selatan*
Teaching Assistant (Operating Systems, OOP, Web Programming)

Mar 2024 – Aug 2026

- Conducted weekly laboratory sessions covering Operating Systems (C on Linux), Object-Oriented Programming (Java), and Web Programming (PHP/Laravel, JavaScript).
- Designed laboratory modules, assignments, quizzes, and grading rubrics while providing hands-on mentoring and debugging support.
- Reviewed and evaluated student submissions with structured feedback to improve code quality and understanding of core programming concepts.

Intellectual Property

Kementerian Hukum Republik Indonesia – *Indonesia*
Copyright Registration — Computer Program

Sep 2026

- DocuChain: Sistem Verifikasi Integritas Dokumen Digital Berbasis Smart Contract Ethereum**
- Creator of the computer program for digital document integrity verification using Ethereum smart contracts.
- Copyright Registration No.:** 001467311
- Application No.:** EC002026164929

Leadership & Organizational Experience

Computer Science Student Association — Head of Alumni Relations –

Nov 2024 – Nov 2025

- Directed the Alumni Relations division to design strategic programs, career sharing sessions, tech talks, and professional networking events to increase alumni engagement.
- Managed a mentorship program pairing students with experienced alumni in the technology industry and maintained an alumni database.
- Served as the primary liaison between the student association and alumni network, reporting divisional progress to the association's leadership.

CITE UP 2024 — Technical Division Committee Member – *Jakarta*

Mar 2024 – Sep 2024

- Managed audiovisual equipment including microphones, sound systems, and projectors while providing technical support to speakers and presenters.
- Conducted pre-event setup, sound checks, and technical rehearsals, and performed real-time troubleshooting during the event.

Skills

Languages	Python, Java, PHP, C, JavaScript, SQL, HTML/CSS, Dart
Frameworks	Laravel, Flask, React, Inertia.js, Flutter, Bootstrap, Blade, JavaFX
Databases	MySQL, SQLite, Firebase Firestore
Tools	Git & GitHub, Linux, Firebase (Auth/Firestore), Telegram Bot API, Microsoft Power BI, Figma
Core CS	Object-Oriented Programming, Operating Systems, Data Structures & Algorithms, Cryptography, Full-Stack Web Development
Soft Skills	Leadership, Mentoring, Problem Solving, Project Management
